State Environmental Policy Act
Determination of Non-Significance

Date Issued:        April 20, 2020

Agency Contact:    Bill Whiteley, P.E.; District Engineer
                    Email: bill@kpud.org
                    Phone: (360) 626-7747

Description of proposal:  Kitsap PUD Water System Plan Part A.

This is a Non-Project Proposal. Kitsap PUD’s Water System Plan Part A covers District organization and operations, including: ownership and management, water utility service policies and procedures, KPUD’s Water Use Efficiency program, operator certification levels, emergency response plan, cross-connection control program, standard construction specifications and budget information.

Location of Proposal:  Kitsap County, Washington

Applicant:          Mark Morgan, Superintendent of Water Resources
                    Email: mmorgan@kpud.org
                    Phone: (360) 626-7721

Kitsap PUD has determined that this proposal will not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). We have reviewed the attached Environmental Checklist. This information is available at https://www.kpud.org/2020WSPSEPA.php.

This determination is based on the following findings and conclusions:

• The Water System Plan Part A is a Non-Project Proposal. As such, it does not specify any construction-related projects that might impact the environment. Future infrastructure construction projects may require Department of Health review and approval. Any water system consolidation involving construction may require environmental and/or cultural review. These will be submitted as required.

This DNS is issued under WAC 197-11-340(2). Written comments will be accepted via email to bill@kpud.org through May 29, 2020.

Signature:  Bob Hunter, General Manager        Date:  April 20, 2020
